

## VEGA Plate Heat Exchangers

### PRODUCT HIGHLIGHTS

### WHY SPX FLOW?

Food and beverage processing has never been more challenging. Margins are being squeezed, food safety is paramount, and consumer demands for new products make formulation changes a regular occurrence. The SPX FLOW VEGA Plate Heat Exchanger provides easy to use install features with its easy flow washboard design and smaller sizes. When it comes to know-how, experience and product range within the field of PHE, you won't find a better business partner than SPX FLOW.

### FEATURES

- CornerLock®
- EasyClip® gasket system
- Hygienic port radius
- Diagonal flow path
- Easy flow washboard design

### BENEFITS

- Alignment system improves plate and gasket life
- Maintenance friendly, durable gasket system
- Minimizes risk of product buildup
- Uniform thermal treatment of product
- Improved energy savings, run times, and Clean-In-Place (CIP), compared to traditional plate designs
